"WIDE-WIDE WORLD" LIFE IN RUSSIA, BEG. IN

"OILLETTE" (OIL ON CANVAS) BY RICHARD TUCK & SONS LTD.

Sledding is, in many of the remote country districts, the only means of progression. The picture shows a four-sled team on a trail it has trodden in a winter where rails yet are non-existent. A good deal of oil painting, though these pictures are small, is done in Russia, although many of these houses are covered by trees outside the towns in which the scenes are painted, and are turned to include their fronted towards the outer edge, thus giving variety to the pleasure-ground to the visitors.
